Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the early 1960s by the Letraset team using Lorem Ipsum and versions of it. The versions of Lorem Ipsum, which were available over the years, have been modified and adapted for various uses, including desktop publishing, web design, and general text layout. Lorem Ipsum is a great way to fill in the gaps in your design, and it's a great way to test your layout and typography. It is said that song composers of the past used dummy texts as lyrics when they have a 'ready-made' text to sing with the melody. A handy Lorem Ipsum dummy text for all layout needs.
